caught by others If you want to be cured take the medicine which has cured others. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and rattrition. It cures many diseases which seem remote from the stomach because it cures the stomach in which such diseases have their origin.

In which such diseases have their origin.

"Words fail to express what I suffered for three years, with cold chills, palpitation of heart, shortness of breath, and low spirits," writes Mrs. A. C. Jones, of Walterboro, Coleton Co., S. C. "I could not sleep and really thought I would soon die. Had a peculiar roaring through my head all the time. Was so emaciated and weak I could not feed myself. My aunt induced me to try Dr. Pierce's Golden Medical Discovery, which I did only to please her, and sus bedien cured me. To-day am sound and well. During the three years I was sick I had five different physicians."

HARTFORD COLLEGE

BUSINESS INSTITUTE. HARTFORD, KENTUCKY.

SPRING TERM OPENS JANUARY 14, 1901

AND CONTINUES TWENTY WEEKS.

History and Review of our work.

There are thousands of people who live and die without ever knowing the capacity of their minds. They are born and reared in an atmosphere of mental inactivity and never suspect that there are slumbering within them, strong, mental forces, capable of the highest development.

There are others, who, though conscious of strong undeveloped powers, need encouragement and assistance to start them on the highway to successful lines. It is the business of I was taken with catarrh of the head. I with nose bleed? Do you blow your tried several dectors and all the patent nose frequently? Is the discharge from to arouse these slumbering forces, awaken dorschools of the secondary and higherseducation poker chip Mr. Jones is intensely, more beligerent attitude, since after medicines I could hear recommended your nose thick or thin? Is your breath mant energies, and offer to the faltering, opportunity of the faltering opportunity. tunities for improvement, that will ultimately nsure their success.

For more than twenty years Hartford Colge has been doing this kind of work and here are to day scattered all over this country men and women who have been lifted to a fuller realization of the beauties and possibilities of life, by the instruction they have received at this institution.

We have no "lightning process" for passing students through a course of study. Each student must depend upon his own ability and application. Nature gives the ability and we endeavor by the most modern and approved methods of instruction to secure the applicaboys who had held a night-long dis- the only source of true spiritualihelp character. Ely Brothers, 56 Warren us; character alone is the recommendation to confidence and esteem. Recognizing the fact that "worth makes the man and the want of it Patriotic Cub-Papa, were you born the fellon." we put all worthy students on the same footing. The school has always merited and received a large share of public confidence and patronage. Since its founding, it has been steadily growing; last year being the banner year in its history. Our present teaching orce is stronger and more efficient than ever before, and we hope this year to surpass even the success of last year.

We invite a rigid examination of our merits for by them we propose to stand or fall.

Teachers' Course.

As has always been our custom we give to teachers and those desiring to enter the work of teaching the very best instruction and advantages possible. We want the teachers of this section of Kentucky to be the peers of those of any other section and propose to do Subscribe for THE all in our power to raise their standing. We make a specialty of this line of school work all in our power to raise their standing. We and leave no stone unturned to assist those coming to us for help. None but the very best teachers in our school are permitted to take charge of teachers' classes. Our work in Ped-agogical lines is intended to develope more capable and conscientious men and women for all the developments of teaching.

SPECIAL DEPARTMENTS.

Commercial Department.

We have now a well equipped Commercial Department which is conducted upon the most modern and practical methods. We use no text-book, whatever, on book keeping, but instead we transact the actual business, buy and sell merchandise, handle college currency, write all forms of business papers, such as checks. notes, drafts, deeds and keep our own books from beginning to completion.

We use Ellis's system of bookkeeping which is one of the most popular and practial that can be obtained. Our students are under personal instruction of the teacher. All other assistance being positively forbidden as our aim is first to learn them to rely upon their own merits. We are being asked continually the question, "If I should complete the Business Course could I then keep books." We answer emphatically yes. If you are in doubt, call and see what we are doing, for our

work cannot be duly appreciated until seen. If you want a position there is not a better plan than this to get it, for the demand for good bookkeepers is now greater than ever before and the wide awake bookkeeper need never be without a job. We do not insure positions but we feel assured that we can aid our worthy gradautes 'ni securing good places and mean to make this an important feature of our work. The only way to success is to be ready that when an opportunity presents

itself you may make well of it and not wait un. til time is at hand and then begin to prepare While we give a complete and practical course in Bookkeeping we feel that this alone will not equip the student to meet the duties of an active business life and we therefore give a thorough course in other branches as follows: Commercial Law, Business Arithmetic, Penmanship, Spelling and Busineas Correspord-

The Commercial Department of our Institution has entered upon a new era in its history. Never before has the work been pursued in such a practical manner as at present. I have investigated the work thoroughly and find everything embodied in the course that is necessary to young men and young women for actual business. The work is the most satisfactory to the faculty and to the pupils, in our experience of more than twenty years. You are requested to investigate the work and see if it is not what you need. Yours truly

We the undersigned studends of the Commercial Department of Hartford College and Business Institute believe this to be equal to any Business Institution in the State and glad-ly recommend it to all who contemplate taking a thorough business course

FRANK N. STOWERS. ROBERT MARKS. W. E. RENDER. MAZIE THOMAS. OWRAN WALLACE. HAYDEN WEBB. LESTER POLK. CHESTER LINDLEY. JAMES C. KENNERLY.

Short Hand.

Mr. Marvin Miller has charge of this department and his practical knowledge of this work makes him doubly fitted for the place Mr. Miller has been a signal success, both as a teacher and stenographer. We ask that a thorough investigation of this department be made by all interested in this work.

Law Department.

This department has been in charge of J. S. Glenn for several years past. He is one of. the most able lawyers in western Kentucky, and a jurist of rare attainment.

Music.

Miss Carrie Worner is a teacher of rare abil-Elocution and Physical Culture. Miss Grace Roll is well prepared to give in-

struction in this department We guarantee Satisfaction in all these Departments.
